PRIVATE LABEL MANUFACTURING

# Your baby-care brand, *made under one roof.*

Baby wipes, baby cosmetics and baby laundry & cleaning liquids — formulated, filled, packed and shipped under your brand.

THE OPPORTUNITY

# Most baby brands juggle three suppliers. *You need one.*

A wipes converter, a cosmetics filler and a detergent maker means three contracts, three quality standards and three delivery schedules. Novel Tissues makes all of it.

### Baby wipes

Every count from pocket packs to 100+, in your substrate, lotion and lid.

### Baby cosmetics

Shampoos, washes, lotions, creams, oils and rash creams.

### Laundry & cleaners

Baby detergents, conditioners, bottle and surface cleansers.

SCALE

# The numbers behind every pack *with your name on it.*

**1.5 Cr+**

OUR NETWORK

# North. South. *And a liquids campus in Pondicherry.*

### North India wipes plant

Wipes made close to North, Central, West and East India markets.

### South India wipes plant

Wipes for the south and export lanes — and a backup for the north.

### Pondicherry liquids campus

Eight manufacturing lines for every baby liquid, under one roof.

BABY WIPES MANUFACTURING
